Sub-Contractor

Gregory Edwards

Details

750,000 square feet of
insulation installed in roof
deck and walls

The 580,000 s.f. Home Depot Regional Distribution Center was not air-conditioned. The project consisted of insulating the roof deck and walls—750,000 square feet of insulation.

Building Specialties was able to complete the insulation work in 5 months with upwards of 15 personnel working on the project on a typical work day.
