Construction Co.

Details

8,000 linear feet of chilled
water, heating and plumbing
insulation

The new 300,000 sq. ft. University of Texas School of Dentistry six-story facility cost \$155 million and took three years to build. There was 8,000 linear feet of chilled water, heating and plumbing that needed insulation.

Building Specialties was able to complete the insulation work with upwards of 40 personnel working on the project on a typical work day.
